SIGHT DELAY IN SIGNING FOREIGN AID BILL

May Opens Bribe Trial Defense

Former Rep. Andrew J. May of Kentucky arrives at Federal Court, Washington, to begin his defense on charges of conspiracy to defraud the government in wartime dealings with the Garsson munitions combine. With him is his attorney, topcoated Warren Magee, Dr. Henry M. Garsson and his brother, Murray, are also defendants.

Battleship Oklahoma Sinks Under Tow From Pearl Harbor

(By Associated Press)
SAN FRANCISCO, May 17.—The battleship Oklahoma went down for the last time today.
The once mighty survivor of a sinking in the Japanese attack on Pearl Harbor plunged to the bottom at 4:35 a. m. (Pacific Standard time) 540 miles off Honolulu in an area of the Pacific approximately three miles deep.
Abandoned by the navy as a fighting ship, the 33-year-old vessel was under tow to an Oakland, Calif., drydock company for scrapping.

U.S. Golfers Winners Of Walker Cup

(By Associated Press)
ST. ANDREWS, May 17.—Catching fire on today's final round, America's Walker Cup golfers scored a stunning 8 to 4 victory over the defending British in the international team event by winning six of the eight concluding singles matches after the two sides had been deadlocked at the end of the morning round.

handed her purchase for scrap. had ordered the tugs Hercules and Monarch, which had the ship under tow, to return to Pearl Harbor rather than try to make the mainland. She left Honolulu last Saturday.

Little of the Oklahoma's former might remained for her last voyage. Superstructure Removed
Her superstructure, including her anti-aircraft batteries, her 10 14-inch guns and 16 5-inch guns, was gone.

Much of her machinery, however, including boilers remained intact. Topped from the air in the Japanese air attack at Pearl Harbor, the Oklahoma turned turtle in shallow water. She was righted and refloated in May, 1943, and rebuilt.

Her sister ship, the Nevada, was torpedoed and bombed in the same disastrous action but succeeded in beaching herself and later was completely refitted.

The Moore Drydock Co. of Oakland had purchased the Oklahoma as junk for \$46,000 and planned to begin reducing her to scrap in June.

The Oklahoma and the Nevada, according to "Jane's Fighting Ships," marked a new era in naval construction when they were built. They were the first vessels of the U. S. fleet to "embody the 'everything or nothing' idea in the matter of protection," Jane's noted.

Displacing 29,000 tons, the Oklahoma had an overall length of 583 feet and a beam of 107 feet.

Her fighting complement was 1,301 men.
Her builder was the New York Shipbuilding Corp., which laid the keel in October of 1912 and completed the vessel in May of 1916.

5 Properties Sold At Sheriff's Sale

Tax foreclosures on five properties netted the county \$2,125 less the tax delinquencies and charges amounting to \$330.42.

Money obtained from the sale of these properties forced to sale, is held by the sheriff for 60 days, for possible claim upon proof of ownership, after which it is turned over to the county treasurer and held for six years before being turned over to the county.

Properties sold at the courthouse door in Lisbon by Sheriff George Hayes Friday, were: The Solomon Blythe property in New Garden, on which there was a tax lien of \$70.39, purchased by P. H. August for \$200; Clarence J. Arney property in Salem, with a tax lien of \$74.57, purchased by John Crawford for \$325; Charles Daugherty property in Salem, tax lien of \$111.17, purchased by Harry Albright for \$875, and the Hannah Sweetland and Linus Dennison properties in Salem with liens of \$49.41 and \$28.60, purchased by Joseph Corso, for \$425 and \$300 respectively.

Humane Society Gives Aid To 15 Stranded Horses

A tractor trailer loaded with 15 horses and one pony, driven by Ed Moser of Bucyrus and bound for Baltimore, Md., broke down on Route 30, one mile south of Lisbon Friday.
The tractor was taken to Lisbon for repairs, leaving trailer beside highway. The state patrol and sheriff's office notified the Humane society here and A. H. Fultz, humane officer, responded and found the time limit (36 hours) had nearly expired for unloading and feeding. A tractor was secured and the trailer was towed to Lisbon fair grounds where the horses were unloaded for care and attention.

TAX COLLECTION TO BEGIN JUNE 1

County Returns To Original Date; Continues Through June 20

LISBON, May 17.—Collection of real estate taxes for the last half of 1946 will begin June 1 and continue through June 20, County Treasurer Vincent C. Judge announced today.

Marking a return to the original June tax collecting period for the first time in many years, tax statements on 60,000 parcels will be placed in the mails within the next few days.

Taxes and assessments covering charges on real estate for the last half of 1946, will be mailed to owners of the property on April 13, 1946, designated by law as a tax lien day.

Purchasers of property since that date who assumed taxes for the last half of 1946, are responsible for charge now due, Judge said.

BIRTHS TOP DEATH RATE DURING APRIL

Births in Salem during April revealed almost a four to one ratio over deaths during the same period, the Salem board of health reported today.

A total of 102 babies was born in the two Salem hospitals last month, including 59 boys and 43 girls.

Deaths numbered 26 in April, the report showed.

Train Demolishes Auto, Woman and Girl Killed

DAYTON, May 17.—Two persons were killed and two others injured yesterday when an automobile was struck by a New York Central freight train at a grade crossing.

The dead were identified as Mrs. Winifred Ratliff, 26, and Catherine Sargent, 11.
Mrs. Fern Jewell, 23 and her 15-month-old daughter, Ethel May Jewell, were injured. Emsy Ratliff, the driver, told deputies he escaped uninjured by leaping from the car before the crash.

Patrol Lieutenant Is Named Liquor Enforcement Officer

Columbiana Strikers Ordered Into Court On Contempt Charge

(By Associated Press)
COLUMBUS, May 17.—It was plain Sergeant William J. Kelch of the Cleveland police department today.

The former chief enforcement officer of the Ohio liquor department, resigned yesterday, moving aside for Gov. Thomas J. Herbert's rapid appointment of Lieut. Floyd C. Moon, 47-year-old state highway patrol officer.

Kelch, who will continue to draw his state salary based on the \$5,000-a-year job until May 31, was relieved, effective Monday.

Herbert declined to concede that Kelch resigned "under pressure." The governor asserted: "I would rather say that it was mutually arrived at."

Kelch had been granted a leave of absence by the Cleveland police department to join forces with Liquor Director Stanley B. Coffey last Jan. 16.

During recent investigations by the Ohio senate liquor investigating committee he was the target of many controversial statements.

One former enforcement officer, Edmund E. Schuster, termed Kelch "the straw that broke the camel's back."

Herbert said Kelch would remain on the payroll until the end of May because he "had some vacation credit" coming.

Lieut. Moon, who has been a member of the highway patrol since 1934, now is on a 90-day leave of absence. During the recent drive against private club liquor permits led by Attorney General Hugh S. Jenkins, Moon was the chief raiding officer. About 70 license revocations resulted.

In wartime he was one of the highway patrol's top men investigating subversive activities.

TRUMAN FLIES TO BEDSIDE OF ILL MOTHER

Vandenberg Expects Congress To Bar Further Aid Requests

(By Associated Press)
WASHINGTON, May 17.—President Truman's absence from Washington at the bedside of his mother in Grandview, Mo., will delay his signing of the \$400,000,000 Greek-Turkish assistance bill.

Eben Ayres, presidential aide, told reporters today that Mr. Truman had planned to sign the measure Monday or Tuesday. He said the ceremony will be postponed pending the outcome of Mrs. Martha Trumans illness. The President flew to Grandview today to be with her.

Congress gave final approval to the measure yesterday and Mr. Truman has 48 days to affix his signature and make it law. Meanwhile, he is seeking a director for the aid program, whose nomination must be confirmed by the senate.

Further Action Unlikely

Senator Vandenberg (R-Mich) indicated today congress may close the door on further directed foreign relief with approval of a pending bill, but he did not foreclose action on rehabilitation and other assistance funds.

The chairman of the senate relations committee told reporters without elaboration that he expects no further relief requests. However, it seems likely President Truman must seek additional funds for economic assistance for nations hard hit by the war.

Korea has been mentioned as one possible recipient of help and other countries are expected to line up with requests after President signs into law the \$400,000,000 Greek-Turkish assistance bill now before him.

A senate-house committee agreement yesterday on the terms of the \$350,000,000 relief measure will be submitted to both chambers next week. Because of its terms, congress is expected to take no action for Europe's hungry children.

Penn Bus Drivers May Go On Strike

(By Associated Press)
PITTSBURGH, May 17.—AFL employees of two bus companies scheduled a strike at noon today, threatening to tie up public transportation facilities in a big tri-state area.

Some 225 drivers and mechanics of the White Star and Penn bus lines, part of the western division of the Blue Ridge system, voted last night to leave their jobs in support of demands for a pay boost of 25 cents an hour. The workers now receive \$1.10.

White Star buses operate between Pittsburgh, Washington, Waynesburg and Uniontown, Pa., and Wheeling, Morgantown, Fairmont and Clarksburg, W. Va. Penn bus serves Pittsburgh, Steubenville, Canton, Salem and Cleveland, Ohio and New Kensington, Charleroi, Donora, Monessen, Pa., and other points.

The strike vote was announced by George L. Bennett, president of division 1039, AFL Amalgamated Association of Street and Electric Railway and Motor Coach Employees.

The strike vote came after unconfirmed reports of deadlocked negotiations. The union's contract with the firms expired May 1 but was extended 15 days by joint agreement.

NAVY FACING BUDGET CUT

House Committee Calls For Less Personnel, Fewer Shore Bases

(By Associated Press)
WASHINGTON, May 17.—An 11 per cent cut in the Navy's 1948 budget which may necessitate reducing the planned strength of the Navy and Marine corps by 40,000 officers and men was recommended by the house appropriations committee Friday.

The committee chopped \$377,519,200 from the \$3,513,000,300 in new appropriations requested by President Truman, but it said it believes the lesser amount will be adequate "without sacrificing any of the efficiency of the fleet" or reducing "essential naval activities."

It called upon the navy to reduce its personnel, both military and civilian, and to close some of its shore establishments.

The committee approved in full the \$3,475,000 asked for research and the \$170,000,000 in contract authority to buy new airplanes and equipment, plus \$90,000,000 in cash for new planes.

The total new appropriations amounting to \$3,135,481,160 compared with \$4,332,781,951 this year.

Candidates List Expenses

Six more candidates have filed expense reports of the recent primaries, election board officials said today.

Reports filed included: Fred L. Blevins, Ned Massa, Harry Vincent and Fred Roth, no expenses; W. F. Hamilton \$713, and Paul Ormsby, \$4.

Remorseful Prankster Drowns In Stream

DAYTON, May 17.—Apparently as a prank, Lenville Atkins, 31, threw a stray dog into swirling flood waters below the Huffman dam today.

As he stood watching the animal frantically trying to swim safely, Atkins suffered remorse and jumped into the water to save the dog.

But Atkins lost his strength in the churning stream and cried for help.

James Taylor, one of three companions, dived in to rescue Atkins. Atkins sank from sight, and the two other men—Calvin Duncan and Thomas Terry—had to pull out Taylor.

The dog swam ashore, several hundred feet downstream, and returned to watch the search for Atkins. But the man had drowned.

BOY IS SERIOUS AFTER CAR FALL

Jerome Wagner, six-and-a-half-year-old Youngstown boy, suffered a fractured skull and abrasions of the hands and face when he fell from a car, travelling at 45 miles an hour on Route 164, three miles south of Youngstown, at 5:50 p. m. Friday.

Salem state highway patrolmen said the youth accidentally bumped the door handle in the rear of the car and fell to the pavement.

He was taken to St. Elizabeth's hospital in Youngstown, where his condition is reported as poor.

Driver of the car was Herman A. Wagner, 31, of Youngstown, uncle of the boy.

Carol Kelley Is Chosen To Edit School Weekly

Carol Kelley, daughter of Mr. and Mrs. Joe M. Kelley of N. Lincoln ave., has been appointed editor-in-chief of the Quaker weekly for the 1947-48 school term.

The appointment was made upon the recommendation of a faculty committee, by Miss Betty Ulicny, faculty advisor.

Miss Kelley has served on the Quaker editorial staff for three years and now holds the position of assistant editor. She will succeed Carolyn Butcher, who edited the paper this year.

An honor student, she is a member of the Hi-Tri, the Thespians, and the student librarian staff. She had a part in the Junior class play "A Date With Judy."

Compound Confusion

While the war was still on, President Truman and General Marshall began laying plans for merger of the army and navy. After the war, when they began getting down to brass tacks, formidable opposition developed in the Navy Department. Donning its dress blues and an arsenal of medals, the Marine Corps joined the admirals in talking against the bill until the President hushed them, but they still made their influence felt.

As a result the merger idea was watered down to "unification" and now it isn't even unification. It's the "anti-military dictatorship act of 1947." That's the title of the bill which has been drawn up by Senator Robertson of Wyoming, relegating any merger ideas to a distant Utopia.

The Robertson bill would designate a coordinator of national defense who would preside over a defense council, which would include army and navy, almost exactly as at present, plus the air force as a separate department. Both army and navy, however, would maintain their own close-support aviation.

Chances for any stronger bill coming up at this session of Congress are slight. But the Robertson bill isn't worth passing. It's just a dodge which provides another echelon of bureaucrats, another set of signatures for every policy-making document, another spool of red tape for the military machine. It would add more brass to the congestion in Washington, more petty rivalries to complicate matters and more Halson men to gum up the works.

It will be better to let merger plans rest a year or two. Such a bill would only be compounding confusion.

A Place In the Country

Gen. George C. Kenney's 100-plane rehearsal of a bombing run over New York, Newark, Trenton, Philadelphia, Wilmington, Baltimore and Washington has called attention to many important aspects of life in an age of atomic bombs and globe-circling airplanes.

In a country which never experienced a real raid by heavy bombers, it probably has called attention most sharply to the desirability of a good deep hole in the ground, 59 miles from nowhere, with a 20-foot slab of reinforced concrete over the top, heat, light, other modern conveniences, plenty of food and no copies of anything suggestive of H. G. Wells in its well-stocked library.

Whatever the general had in mind, he made it a certainty that several million of his countrymen will spend the next few days sizing up likely sites for the "better 'ole" which seems to be man's last chance in a world quite obviously in no mood to give up the search for a better way to wipe out his cities.

Uncle Comes Through

Whatever caused the food crisis in Germany, it can only be rectified by somebody with food to spare. That means the job devolves upon old Uncle You-know-who.

American authorities in Germany say the food crisis has largely resulted from German mismanagement. Germans don't like corn, so it went to fatten pigs. All hogs over 154 pounds went to the butcher, even the good breeding sows, of which there now is a shortage. Livestock was overfed. Much of the food wound up in the black market. Conditions are rapidly moving toward the famine stage.

So now it's up to old Uncle You-know-who and he's shipping Germans 700,000 tons of wheat as quickly as possible. Not so many months ago he was loathing the Germans and vowing he would never say a kind thing about them or do a kind deed for them. But now he sends food not because of a newly-found love for Germans, but because he knows a famine-swept Germany can have disastrous consequences for the rest of the world. With Germany one huge charnel-house, pestilence would spread and anarchy would take root. He knows he must be his brother's keeper even if the brother have the mark of Cain on his forehead.

The Stars Say
BY GENEVIEVE KEMBLE
For Sunday, May 18

Sunday's horoscope may not be interpreted as a happy, constructive or enjoyable one. There are hints of determined opposition, with setbacks, delays and frustration in all cherished aspirations and endeavors. These are centered on the purely personal, domestic, social and particularly heart affairs. Undue concentration on these are dishearteningly blocked, and call for definite curbs on the passions, emotions and impulses. Elders may get in the way for all joyous culminations.

If It Is Your Birthday

Those whose birthday it is are warned of a time of stubborn obstacles, delays, postponements and determined opposition or lack of cooperation from elders, relatives, employers or old established institutions. The energies and ambitions seem centered on home and heart, social or artistic affairs, and unless these be prudently and tactfully manipulated there are prospects of coming to grief. Particularly are unruly emotions and impulses to be discreetly managed by females and youngsters.

A child born on this day may find its aims and aspirations centered on heart and home affairs. They may be resentful of curbs and regulations by superiors.

For Monday, May 19

Monday's astrological forecast shows a continuation of preceding delays, obstacles, frustrations. A static condition may be encountered on all workaday or business affairs, since the emphasis is focused on heart and home affairs, in all contacts and relationships. These may be exciting and tempestuous, being ruled by passions, impulses and emotions rather than reason and proper restraints.

For the Birthday

Those whose birthday it is are advised to institute a program of good nature, curbs and discretion, as they are likely to be over stimulated in the emotions, impulses, passions and desires. This may arouse opposition or restraints from wiser heads of cooler disposition. There will be little accomplishment, peace, harmony or enjoyment unless proper curbs be placed on all manner of runaway urges.

A child born on this day may be prone to the more enjoyable, swifter and indulgent things of life, postponing indefinitely all serious considerations unless such revolve around the home and its intimate contacts.

A New York woman left a small fortune to her cat and dog. Guess what kind of a fight there might be over the will.

GUARDING YOUR HEALTH

Some Facts About Hay Fever

BY HERMAN N. BUNDESEN, M.D. HAY FEVER is a disease about which myths, half-truths and superstitions cluster like bees around a hive.

People—at least great numbers of them—don't know what sort of condition it is, and they are likely to be misled further by statements from well-meaning but misinformed friends and relatives.

Misunderstanding the nature of hay fever, they try doubtful remedies which promise "quick and sure" relief instead of going to their doctors and getting what real help is available to them.

No Permanent Cure

The first thing to understand about hay fever is that there are no easy, speedy or permanent cures for it. There are, however, treatments which will make the hay fever victim any number of times more comfortable than he would be without them.

According to Dr. Paul D. Fleming of Texas, proper treatment can completely relieve about three-fourths of those with hay fever of all symptoms, and greatly improve a large number of the remainder.

Proper Treatment

Proper treatment for hay fever is based on the fact that it is an allergy, that is, due to over-sensitivity to pollen from some plant, or some other substance, which the patient breathes in.

These irritating substances cause attacks of sneezing with a great deal of discharge. Trouble usually starts about the middle of August and continues until the middle of September. In most cases those who are affected are sensitive to pollen from ragweed, though Dr. Fleming states that there is a distinct tendency among hay fever victims to develop sensitivity to pollen which occurs at other seasons and even to dusts and animal danders.

Study of Patients

Dr. Fleming recommends that all patients with hay fever be studied to determine, if possible, to what substances they are sensitive. The use of skin tests is helpful in determining these facts. These tests are made by injecting pollen extracts into the skin and noting whether a red swelling develops at the point of infection. Once the pollen causing the trouble is determined, injections under the skin of the pollen extract in gradually increasing doses should be started.

This treatment is best carried out if done the year round. However, it may be started at the height of the hay fever season. For best results, however, the average patient should start treatment at least two months before the onset of the next hay fever season.

Occurs at Any Age

Hay fever may occur at any age. The majority of cases develop in

patients under 20 years of age. After the age of 40, it is unusual for a real allergic disorder to first develop. In 100 children with allergy up to the age of 10 years, 38 had hay fever, and in 16 instances the condition was diagnosed before the children were three years of age.

Hay fever is not outgrown, although as children reach adolescence or the maturing period, the symptoms may become less severe for a time.

While hay fever is not a serious disorder, it is a most uncomfortable one. Fortunately it is a condition that can be alleviated to a great extent, if sufferers will get rid of their hopes for some magic cure-all and seek help from their physicians.

Over \$3,000,000 In Lost Wages

Over \$3,000,000 lost in wages to Ohio Bell Employees since the need-less strike was called by the Ohio Federation of Telephone Workers.

Every Fair Offer Rejected

Every fair offer has been rejected by the Union from the start, extension of contract rejected, arbitration rejected, fair wage offers rejected.

The Present Fair Offer

The present offer of a \$4.00 increase per week in basic wages plus over 50c per week in fringes is liberal and is fair to customers and employees alike.

Violence, Sabotage and Bitterness

With negotiations in progress, which the Company supposed were for the purpose of setting the strike, picket lines have been packed and violence and bitterness have been rampant. That just doesn't add up unless there is more concern for power than for the welfare of employees.

IT IS A NEEDLESS STRIKE

IT IS BEING CONTINUED NEEDLESSLY

HOW LONG MUST THIS GO ON — AND WHY?

ATTEMPTS SUICIDE AFTER POURING ACID ON WIFE

HER ARMS AND HEAD swathed in bandages, Mrs. Edith Knowles lies in the hospital at Newark, N. J., suffering from acid burns inflicted by her husband, Harold Knowles (right), a Navy veteran. Mrs. Knowles told police her husband, who had gone to a veterans' hospital to be treated for alcoholism, reappeared at their home and was allowed in only after he pleaded with her. During the night he tied her to a bed with neckties and tortured her, finally throwing sulphuric acid on her face and body. Knowles was found by police in New York, his wrists and ankles slashed by a razor blade in a suicide attempt. (International)

Tribe Trailing On Eastern Trip

WASHINGTON, May 17.—Cleveland's Indians today were on the debit side of the ledger for their first eastern trip of the season after a 2 to 0 shutout by the Washington Nats.

Walter Masterson, be-spectacled Washington right-hander, was in complete control of affairs last night as he meted out only four singles and failed to walk a batter.

Manager Lou Boudreau was the only Tribesman to solve Masterson's offerings, collecting half of the Indians' four blows.

The loss tied the Indians with

Washington for the series 1-1 and set them behind for the eastern trip, 2-1.

Don Black hurled a creditable game for the Tribe, allowing only five hits in seven innings, but his mates could do nothing with Masterson. Les Willis finished and permitted two more hits.

Pat Seery was the victim of three of Masterson's five strikeouts and now has fanned the breeze 21 times in the young season.

Red Embree hurls for the Tribe against Washington's talkative Bob Newsom in the series finale today.

Marion Plant Burns

MARION, May 17.—The Marion Plant Life Fertilizer Co.'s factory was destroyed by fire early today, and George Alber, the owner, estimated the loss at \$100,000.

Paris In The Swim

By NEA Service

PARIS (NEA).—Swim suits are brief but Paris stylists give them cover-up coats that add up to modest beachwear ensembles. Some coats are as long as beach robes. Example is the Ledoux design, right, of green and white silk crepe. This covers a white linen swim suit consisting of brief bra and equally brief shorts.

Swim suits are also covered by short jackets, like the white gabardine, left, embroidered in green wool. A one-piece green woolen swim suit completes the ensemble.

* WE, THE WOMEN

BY RUTH MILLETT
"AMERICAN MEN are becoming wary of marriage and women only have themselves to blame," says a human relations expert—a man, of course.

Well, maybe they are getting wary. But women shouldn't start worrying yet over the prospect of men turning against the institution of matrimony.

There are two ways for a man to acquire the services of a cook, a housekeeper, a chauffeur and a press agent. He can spend a lot of money and hire a number of persons to fill those jobs or he can get married and turn them all over to one woman in return for feeding, clothing, and housing her.

By marrying he gets a cook who will cater to his likes and dislikes. He gets a housekeeper who is on the job 24 hours a day. He gets a chauffeur who will deliver him at work in the morning, pick him up at night, drive his children to and from school, and run all the family errands.

And if he picks a smart wife, he'll have a press agent who lets the world know how smart and clever he is and who will build up his ego when it needs bolstering.

Charles Blean and son and wife, Mr. and Mrs. Clarence Blean, who spent the winter at Riviera Beach, Fla., called on relatives here Friday enroute to their home in Cleveland.

Motor Scooter Solves Golfer's Leg Problem

HOUSTON, Tex. — When R. J. Jackson, Houston industrialist, thought he would be forced to give up golf because of arthritis of the knee, his inventive genius came to the rescue.

Jackson invented a motor scooter for four persons which he named "The Arthritis Special." It enables elderly golf enthusiasts to play many more years since they must no longer tramp over the rolling golf courses.

The traveling park bench has a rack behind the seat for four sets of golf clubs and a caddy can be carried on the rear cushion.

Questions, Answers

Q.—What is a sea lily?
A.—A deep-water animal which resembles an unopened lily. Sea lily fossils 500,000,000 years old have been found, and they are considered a very accurate gauge as to the age of the stratum in which they are found.

Q.—When did the first Jews come to America?
A.—There were Jews in the Colonies before 1650. The first Jewish congregation is recorded in 1656 in New York City, the Shearith Israel.

Solving Our Problems

Something To Live For
By James Alexander Scott

Life is not much fun—unless you have something worthwhile to live for.

Bread is the staff of physical life; an aim, an objective, is the staff of spiritual life.

Without some goal, some objective toward which your thoughts, energies and hopes bend, your life gets flabby—your life gets either cold and useless, or fevered and poisonous. By and by you hate yourself. And others are inclined to make it unattractive.

Man is essentially a social animal. Man is not independent of his fellows. He is by nature dependent. When he tries to go it alone, to be sufficient unto himself, he goes crazy.

It is true there are a few people who are unbalanced because they have taken up some absorbing ideal; it may be religion, or patriotism, or money-making, or music. But for everyone such, there are twenty who are warped, morbid, top-sided, because they haven't any ideal at all.

What shall I live for? You can answer this question by another. What is worth dying for? When you've found the thing worth dying for—you've found the thing worth living for.

There is more stimulus in a great aim, than in any other intoxicant. It will stir every fiber of your being. It raises every faculty to its highest efficiency and power. It clears your brain, fills your heart, and raises your happiness to flood tide.

Who are the people who are bored with life? — they are the selfish, grasping, vindictive, vengeance-seeking, proud, shrewd, cunning, hard, cruel, pleasure-chasing crowd, eating and drinking to repletion, mad for new amuse-

Fred Cope's Tracksters Shine In Capturing County Title

Cindermen Nab Event 28th Time In 45 Years; Potter Ace Collects Most Points

For the 28th time in 44 runnings Salem captured the Columbiana county track title before 1,000 fans at Reilly stadium Friday night.

This time the Quakers walked away from second-place East Palestine 79 1/2 to 41 1/2 with East Liverpool and Columbiana trailing 25 and seven, respectively.

Salem's team dominated the meet, but East Liverpool's Walt Ashbaugh, long and lanky basketball ace and hurdler, topped the individual honors with firsts in the high and low hurdles and second in the high jump.

A feature of the annual county track carnival, complete last night with music by the High school band and an impressive flag-raising, was the presentation by Board of Education President John T. Burns of a beautiful leather travelling bag to Dave Williams of Youngstown, who last night did his 27th annual job of refereeing the county affair.

Salem's domination of the meet came as a surprise to many observers as Cope's charges put on their most brilliant performance of the season. The Quakers racked up nine firsts, six seconds, five thirds and a quartet of fourth places.

East Palestine grabbed off two firsts, six seconds, seven thirds and five fourth places.

Ashbaugh's individual performance was seconded by Salem's Ross, who picked up 11 1/2 in winning firsts in the 100 and 220 and as a member of the winning half mile relay team, which also included Jerry Miller, Don Coppock and Dick "Flash" Gottschling.

One of the surprises Cope sprang yesterday was the showing of little Wilmer Palmer in the half mile. The underclassman gave Ace Cope, Thorne, Salem's distance star, a tight race all the way. Thorne coped both his pet events for 10 points.

Bob Boone, who won the high jump over Ashbaugh, totaled 10 also, getting a second in the low hurdles and a third in the broad jump.

Boone made a three-try stab at Max Lutsch's six one high jump record, set in 1937, but failed.

Bob Payer heaved the discus a fair 130 feet nine inches to top that event, edging out Palestine's Bush. Surprise entry in the discus was Ray Snyder of Salem, who managed a third with 114 feet 8 inches.

Pete Cain took second to Bush in the shot with a 41 foot 10 inch grunt. Danny Crawford and Yeager placed first and second in the 440 and both were members of the winning mile and half mile relay teams.

No records went by the boards. Final results:

SHOT PUT—Bush, E. Pal., won; Cain, Salem, 2nd; Blower, E. Pal., 3rd; Kastenek, Salem, 4th. Distance—43 feet 8 1/2 inch. (Cain 41 10 Kasten 41 6).

FRATILAS WIN IN SEVENTH FROM HUNTERS

An infield error in the seventh inning gave the Fratillas club its first victory of the season in the American league, as Hunters went down to defeat 4-3 in an extra inning affair at Centennial park Friday night.

The winning team came from behind twice to knot the score, which was tied 3-all at the end of the regulation five innings. John Drakulich and Torch Nedelka set the pace with two bingles, while Les Knapp smashed out a third inning home run.

The Nationals helped themselves to a four run burst in the second inning of their game with the Amvets. The four were enough to win over Pitcher John Zines. The Amvets scored only once.

Bill Sheen was on the mound for the Nats and held the Amvets to four hits. It was his team's first win against one loss.

Pitcher Dale Ritchie of the Golden Eagle made his National league debut an impressive one last night when he limited the V. F. W. nine to one hit. The game went six innings before the Golden Eagle could push over two runs. Both clubs were playing their first games.

Four runs in the first canto enabled the White Cottage squad to trip Salem 4-2. Jim Kleon limited the losers to three safeties. Clyde Letcher and Paul Bloer each hit safely twice.

Cope Traces History Of County Track Meet

The history of the Columbiana County Track and Field meet was traced by High School Track Coach Fred E. Cope Friday morning in a student assembly program.

Cope said the meet has been won by Salem 27 times, and by East Palestine 16 times. The meet last night is the 44th consecutive year for the affair, dating back to 1903.

He recalled that years ago Salem families would make a "picnic day" of the meet, traveling to the Lisbon fairgrounds, then the meet site, and taking lunches.

MILE RELAY—Salem (Crawford, Coppock, Bush, Yeager, East Palestine, 2nd; Columbiana, 3rd. Time—3:42.5 min.

The Amvets baseball nine will meet the Struthers North Side Cives at 2:30 p. m. Sunday at Centennial park. The Struthers nine was city champion last season.

Want Some Entertainment? Sports Offer Full Slate In District This Weekend

If you're looking for sports entertainment over the weekend, this district has enough on tap to fill almost everyone's desire.

In the baseball department, the Salem Amvets are slated to tangle with a troublesome Struthers East Side Civic outfit at 2:30 p. m. at Centennial park, the Lake Placenta home team—the Althouse Dodge ball club—will entertain the Akron Smith Sherriffs at nearby Placenta at 2:30 and the Salem Merchants are scheduled in a game at Lisbon at 5:15 tonight.

Down Columbiana way the Columbiana Young's will tangle with a Niles outfit on the Firestone park diamond at 2:30.

In the softball category Sunday the Salem Saxons, managed by Bill Pauline, seeking the Transylvania Junior Saxon association title, will open its Eastern division competition at Centennial park against the Youngstown Saxons. Al Linder is slated for the mound duties in this first loop trial.

The Leetonia Crescents have accepted a challenge for the Diner softball club for a non-league fray at the park diamond at 10:30 Sunday morning.

This grudge battle will precede the regular meeting of the teams in Class A's league schedule.

Either Francis Lannoy or Mutt Schaeffer will hurl for the Diner and John McQuiston will pitch for Ralph Mancuso's outfit. Leetonia hasn't opened league competition yet, while the Diner has won two starts.

The Placenta battle promises good solid baseball action. The Smiths club copped the Akron City league title last season and boasts some of the most outstanding semi-pro players in that area.

Athouse's squad, managed by Joe Schwartzoff, includes Bugara at short, Miller in left field, Maley at first, Bower in right, Ted Schwartzoff at center field, Profetta at third, and either Gordy Scullion or the manager at second. Bus Simpson behind the plate with either Howelton or Haidet on the mound.

Either Art Boyeston or Bobby Nash, a former Toledo U. hurler, will twirl for Akron.

On tonight's card are the midget auto races at Canfield, with the same menu on tap at the Portage county fairgrounds, Ravenna Sunday night. No won't open here until a week from tomorrow, when the Salem club will play Poland here in a benefit for the Salem Girl Scouts.

The golf season at the Salem club isn't officially open yet, but the course figures to get a load of play if the weather is good this weekend.

Truman Flies To Mother's Bedside

(By Associated Press)
WASHINGTON, May 17.—President Truman flew to Grandview, Mo., today, called there by a setback in the condition of his ailing mother.

Mr. Truman left Washington in the presidential plane at 7:45 a. m., Eastern Standard time, and was due in Grandview about four and a half hours later.

He was accompanied by Charles G. Ross and Matthew Connelly, press secretaries.

The President's 94 year old mother, Mrs. Martha E. Truman, suffered a broken hip some time ago and has been bedfast since. The White House physician, Brig. Gen. Wallace H. Graham, is with her.

Mr. Truman decided to fly out after receiving word by telephone at 5:15 a. m. (EST) that her condition was becoming worse.

Gen. Graham said her condition was "very serious."

"She is suffering from a tired heart," he said.

Insurance Pioneer Dies
